Insurance To Help Keep Your Practice Running When You Become Disabled

Disability Overhead Insurance endorsed by the New York Criminal & Civil Courts Bar Association

How Much Does It Cost To Run Your Practice?

If you're like most attorneys, your overhead costs are on the rise. Major expenses usually include employees' salaries and benefits, malpractice insurance premiums, and rent.

Now ask yourself, what would happen if you were disabled and your income stream to the practice stopped? How would your practice survive?

Disability Overhead insurance reimburses you for covered overhead expenses if you are disabled, up to the policy limit. The benefit to you is that your practice will be there when you are able to resume your duties.

UP TO \$40,000 PER MONTH (\$480,000/Yr.) OF COVERAGE IS AVAILABLE TO NYCCBBA MEMBERS.

This Policy reimburses you for 100% of your covered office expenses, not to exceed your monthly benefit. It's the perfect complement to any other Disability Income benefits you may have, because, unlike personal Disability Insurance, this Plan protects your practice, your partners and your employees.

Highlights

- Up to \$40,000 a month in benefits.
- Premiums are tax-deductible.
- Benefits are paid directly to you.
- You don't need to be hospitalized or confined at home to qualify for benefits.
- You need not be permanently disabled to collect benefits. You need only be totally disabled to collect benefits. See definition of Total Disability.
- If you become totally disabled before age 60 and remain disabled for six continuous months, premium payments are waived as long as you are continuously disabled and receiving benefits under the policy.
- You have a choice of waiting periods — 15, 30, 60, or 90 days - before your benefits begin.

- You have a choice of benefit periods — 12 months, 18 months or 24 months for benefits to be payable.

Plus...you take advantage of reasonable rates!

Eligibility And Amounts Of Insurance Available

Eligible applicants are NYCCBBA members under age 60 whose applications are acceptable to the Insurance Company. The following amounts of insurance are available:

Up to \$40,000/month - payable for 12 months
Up to \$30,000/month - payable for 18 months
Up to \$20,000/month - payable for 24 months

The maximum total amount of coverage is \$40,000 a month.

Qualification

Acceptance into the program is subject to evidence of insurability as determined by the Insurance Company. Depending upon the amount of coverage for which you apply, it may be necessary for you to have a paramedical exam, blood test and urinalysis, all of which can be conducted at your convenience and at no expense to you.

How This Policy Works For You

While you are totally disabled, your policy reimburses you for the actual overhead expense of your practice for which you are responsible, up to the monthly benefit you select. Benefits are paid after the first 15, 30, 60 or 90 days, depending on the waiting period you select.

An Important Benefit – Even In A Group Practice

While your partners may cover your workload, you still need to consider Disability Overhead Protection because:

- Other partners could become disabled at the same time, placing increased financial pressure on the group.
- You'll still need the funds to cover your portion of the group's ongoing business expenses.

Total Disability

You are considered "totally disabled" when, due to injury or sickness, you:

- (1) are unable to perform the substantial and material duties of your occupation (defined as your specialty),
- (2) are not performing the duties of any gainful occupation for which you are reasonably fitted by education, training, or experience, and
- (3) are receiving regular medical care by a physician.

Renewal Guarantee

This coverage is automatically renewed by paying the renewal premium applicable for your particular age. The coverage will only end if you do not pay the premium within the grace period, reach age 70, retire, or cease to be actively engaged full-time in your profession.

Renewal can also be declined if you cease to be a member of the organization named in the application, if the organization withdraws sponsorship of the Program, or sponsors a similar Program. However, you can ensure uninterrupted coverage by converting to a continuation policy providing comparable benefits.

Premiums Are Tax-Deductible

It is our understanding that the Business Overhead Expense Program conforms with the Internal Revenue Service Ruling 55-264, I.R.B. 1955-19, p.8. This allows the cost of this insurance to be deducted, as a business expense, when computing Federal Income Tax. Disability Overhead benefits are generally taxable. Of course, it is always advisable to secure the advice of your tax advisor or the IRS.

Pregnancy Benefit

A loss or disability due to pregnancy or childbirth will be covered under the terms of the policy provided:

1. The pregnancy commences at least one month after your policy effective date; and
2. The pregnancy or childbirth disability is the greater of:
 - a. the waiting period shown on the Policy Schedule, or
 - b. 30 days;
3. Such pregnancy or childbirth results in continuous total disability.

Payment is subject to any waiting period requirements. Complications of pregnancy, as defined in the policy, are covered on the same basis as any other sickness.

Recurring Disability

If you return to full-time employment in your usual occupation for three months or more after a total disability, a second claim for that same disability will be considered a new disability.

Exceptions

Your policy does not cover any of the following:

- Your salary, fees, drawing accounts, or any other remuneration for you.
- Salaries, fees, drawing accounts, or any other remuneration for members of your profession who work for you or with you.
- Salaries for any members of your family who are not regularly employed by you for at least three months prior to the onset of total disability.
- The cost of merchandise, equipment, or other supplies pertaining to your profession.
- Income tax or the cost of leased automobiles.

Your policy does not cover disabilities or losses caused by, contributed by, or resulting from:

War, any act of war; suicide, attempted suicide, or intentionally self-inflicted injury; test or experimental flying, operating or traveling in, or flying any aircraft operated by or under the direction of any military; pregnancy beginning before or during the first 30 days after your policy takes effect; service in the armed forces; participation in a felony.

In addition, no benefits shall be payable for more than one disability at any one time.
